I am seventeen years-old and have been home-schooled throughout my education, along with my three younger siblings. My passion is playing piano and I have enjoyed it for 9 years, as well as teaching my students this past year. I have been blessed with the privilege of teaching 4-5 year old children's church for seven years, along with instructing older students in VBS for 6 years, and babysitting. References can be provided, if needed.

I have many years of experience with children and would love to be given the opportunity to teach your child to play the piano.

I thank God every day for the gift that He has blessed me with.

I love music. It is my favorite thing to do in this world.

Thank You
